

# PRESENTATION CASES

Our presentation cases provide that “Wow” effect when combined with your award or special offering. We precision cut an interior foam mold to hold your presentation. We can laser engrave your message or logo on the cover and colorfill it in your choice of color. There is an optional romance card that can be personalized to your recipient.

Our presentation cases range in size from 4” x 4” up to our large rifle cases at 54” x 12”. Many of our cases are in “shadowbox” format with a clear panel on the lid. We can make as few as 1 at a time for your special keepsake. Each custom project is quoted on a case by case basis. We have many images on our website of examples of how custom you can make these items.

Examples of items put in Presentation Cases:

- Challenge Coins
- Crystal Trophies
- Jewelry
- Medallions
- Wallets / Keys
- Clocks
- Firearms
- Law Enforcement Badges
- Sculptures
- Watches
